BathoPedi Club Membership

;- Membership application
;- Membership Benefits and Contributions

;- Membership application

Our membership is focused towards family unit development, reducing separations and divorce. Once the application is received, a couple assessment will take place and it will take a period on three (3) month. During the assessment the member couple will do the monthly contribution and enjoy limited benefits.

The assessment is not the rejection type of assessment. It is the assessment to look in the current status of the relationship. Looking at the future focus of the couple relationship as to minimise the chance of separations.

;- Membership Benefits and Contributions

Our membership is only open to live-in and married couples. For a couple to become a member, they will fill the application form to show interest and the membership authenticating agent will visit the prospective member couple and carry out some investigative interviews. From there, the membership committee will run its couple assessment then the couple will pay the registration fees and submit their FICA requirements.

The new member couple will through psychological and social evaluation to the develop their master assistance plan, if they have children, they will be included as well on the program.
